POLICEPROFESSIONAL
AWARDS
2007

OVERALL CRITERIA

The award will recognise the investment by an individual and the changes that resulted in a given area, the organisation, or in the performance/skills/capabilities and subsequent public safety.

Each nominee's investment will be judged on the commitment, dedication, determination, innovation and personal leadership qualities that have directly led to the positive impact. Evaluation will be based on sustainability and tangible outcomes or outputs.

To demonstrate good leadership, nominations should be able to show excellent communication, organisational learning and clear awareness by others of their part in improvement and change.
All nominees must agree to be nominated and countersign the application form.

The qualifying period for nominations is within the past 24 months, ie after April 2005.

BUSINESS AREA DEVELOPMENT CATEGORY

Applications for this category should demonstrate leadership and commitment to developing a national business area as defined by ACPO and ACPOS, for example gun-enabled crime, drugs or roads policing.

Nominations should show the level of commitment and dedication combined with changes in performance and practices nationally as a result of that leadership and commitment.
